**Porsche racing double**

2018 was a special year for Porsche: ‘70 Years Porsche Sportscars’. To mark the anniversary Porsche sent two 911 RSRs out onto the racetrack in classic liveries from the 70s and 80s. Porsche recorded two class wins at the world’s best-known 24-hour race. The Carrera DIGITAL 124 ‘Double Victory’ set lets these GT powerhouses loose around a 9.3-metre / 30.51 ft. racing circuit. WIRELESS+ controllers guarantee maximum freedom of movement around the track.

2,4 GHz WIRELESS+ speed controllers, 12,4 GHz WIRELESS+ connecting section, 2 LiPo rechargeable batteries for speed controllers
ACCESSORIES

EVOLUTION / GO!!!
- Electronic lap counter
- Records exactly (1 / 100 sec.) the times
- Vehicle recognition using an infrared photosensor
- Width continuously adjustable to suit various track widths for 2 lane operation
- Lap races from 1 to 999 laps
- Time trials from 1 second to 59 mins 59 secs
- Each lane has an LCD display
- Start phase with acoustic starting lights (9 LED’s)
- False start feature
- Fanfare at the finishing line
- Display of race information:
  - Total driving time
  - Fastest lap
  - Distance from the leading vehicle
  - Position of vehicles

WIRELESS RACING FUN WITH 2.4 GHz RADIO-CONTROLLED TECHNOLOGY FOR CARRERA DIGITAL 124/132

The wireless 2.4 GHz WIRELESS+ controller enables a completely new sensation of complete freedom of movement right around the circuit. WIRELESS+ uses 2.4 GHz radio controlled technology. Up to a range of 15 meters / 49.21 ft. the use of frequency-hopping guarantees interruption-free, frequency-independent operation.

A powerful Lithium-Polymer battery ensures a minimum of 8 hours of non-stop action. A fully charged battery can even last 120 days in standby mode.

With the wireless 2.4 GHz WIRELESS+ speed controller you are holding pure, uninterrupted racing fun in your hands.

EVOLUTION 2.4 GHz WIRELESS+ Set for multi-lane extension
1 WIRELESS+ connecting track section for multi-lane extension, 1 standard straight with start/finish line, 1 end track, 2 WIRELESS+ speed controller

WIRELESS SET DIGITAL 132 PROX

Carrera DIGITAL 124/132
2.4 GHz WIRELESS+ SET DUO
2 WIRELESS+ speed controller, 1 WIRELESS+ receiver, 1 WIRELESS+ double charging station, 1 adapter unit, 1 shoulder complement, 1 end section outside shoulder (left/right), Lithium-polymer battery, instructions

Carrera DIGITAL 124/132
2.4 GHz WIRELESS+ SET SINGLE
1 WIRELESS+ speed controller, 1 WIRELESS+ receiver, 1 WIRELESS+ single charging station, 1 adapter unit, 1 shoulder complement, 1 end section outside shoulder (left/right), Lithium-polymer battery, instructions

2.4 GHz WIRELESS+ Spare speed controller
1 x 2.4 GHz WIRELESS+ spare speed controller, 1 x exchange button, Lithium-polymer battery instructions

CAN BE PURCHASED AS A SPARE:

Experience the Carrera racetrack feeling with our state-of-the-art Carrera DIGITAL accessories!

The lap counter offers you real speed thrills with a display including position, fastest lap times and the exact overall time with time difference! Start your personal training with the special training and racing mode and leave your rivals far behind!

The Driver Display combined with the Pit Lane shows each driver his fuel level, the number of pit stops (max. 10) and current race position. The start light triggers the first rush of adrenaline then it’s pedal-to-the-metal time. The Position Tower means racers always have a race position overview.

Carrera DIGITAL 124/132 Multistart Lane
Lap counting for multi-lane tracks

Expanding to 8 lanes
3x Multistart Lane

Expanding to 6 lanes
2x Multistart Lane

Expanding to 4 lanes
1x Multistart Lane

Carrera DIGITAL 124/132 Control Unit
Incl. 2 end-pieces. The Control Unit is the basis for digital racing enjoyment. Programmable options: maximum speed, braking power, fuel level - Pit stop functions - Race car function

Carrera DIGITAL 124/132 Position Tower
Incl. Adapter Unit
A glance is enough for each driver to see his current race position. Resulting tactical moves can decide the final outcome.
- LED display shows current race position.
- Shows laps completed by each car on the track

Carrera DIGITAL 124/132 Lap Counter
The Lap Counter provides everyone with a clear race overview of their race position, fastest laps and exact total race times, including gaps to rivals. (only with Control Unit 20030352)

Carrera DIGITAL 124/132 Driver Display
Incl. Adapter Unit and 2 end-pieces
The Driver Display tells each driver his fuel level, number of pit stops (max. 10) and current race position for tactical thinkers. (only with Control Unit 20030352 and Pit Lane 20030356)

Carrera DIGITAL 124/132 Driver Display Unit
The Pit Lane simulates pit stops perfectly. Like in every real race, pit stop tactics and well-timed refueling play a big role in race results. Pit stop with a sensor for car refueling and to count pit stops

Carrera DIGITAL 124/132 Startlight
Incl. Adapter Unit and 2 end-pieces at each side (left/right). The warm-up lap is over, the cars are on the grid, the tension is unbearable. The countdown begins just like at a real racetrack. LED display for start sequence and false starts (only with Control Unit 20030352).

Carrera DIGITAL 124/132 Shoulder
Connection track (13.58 in./34,5 cm)
for the Driver Display 20030353, Startlight 20030354 and Position Tower 20030357

Sample image – Subject to technical and design-related changes.
**Performance Measurement!**

The Carrera Check Lane makes it possible for Carrera drivers to measure their intermediary times. Placed at any point, the Carrera Check Lane measures the drivers’ intermediary times. Just like in real auto racing, the Carrera drivers instantly have their complete driving behavior on the course under their control.

**Engine Measurement**

The acceleration of a Carrera car can be measured precisely, through the installation of several Check Lanes in a row. Thanks to the Carrera Check Lane, not only the final result, but also the driving behavior throughout the entire race course counts!

(only in connection with Carrera App Connect and the Carrera Race App)

### Carrera Check Lane

Light and sound looping set
8 loop sections, 3 straights 4.49 in./114 mm
The light and sound looping set guarantees thrilling effects and pure race action that has to be seen and heard.

See-saw
You need nerves and skill to master the see-saw, but once you can do it, you’re guaranteed a whole load of fun.

Chicane
Things could get tight in the chicane, but every driver has to decide for himself whether to race through without considering the dangers, or to drive with his eyes open.

Hump back bridge
Driving expertise and experience are advantageous; otherwise the harmless-looking hump back will flex its muscles and throw you off the tracks.

Looping set
8 x looping sections with supports

Guardrail fence

GO!!! Transformer
14.8 V 10.4 VA

2.4 GHz

Configuration
Ready to Run
incl. controller batteries
Battery
4x 1.5 V Micro AAA
Controller
2x 1.5 V Micro AAA
Running time
up to 35 minutes

Preliminary model – Colors/final design subject to change.

# 370900049
ENJOY FULL ACTION AND THRILLING CAR RACES

On your marks, get ready, go! Let the race begin ... Full racing action is guaranteed with the cool Pull & Speed racing cars.

All types of vehicles, be it DTM racing cars, police cars or a vehicle from the Mario Kart racer series, will make the heart of any little race driver beat somewhat faster. The strong pull-back engine makes it possible: simply pull the cars back, let them go and in an instant the vehicle takes up the race in full speed. Due to the stable plastic chassis collisions and crashes do not constitute a problem and thus the vehicles are also suitable for children ages 3 and up. The small and precise replicas, at a scale of 1:43, are in no way inferior to their “big brothers”. Due to the original licenses the models fascinate by their perfect scale and detailed execution. Pull & Speed offers great driving fun for all ages as well.

- Vehicles with plastic chassis on a scale of 1:43
- Pullback motor feature
- Forward freewheeling
